IRB Approval No. 1/2018-1

4<sup>th</sup>. April. 2018

**Letter of ethical approval for the study of "Detection of Rh DEL phenotype by using adsorption elution method and its association with other Rh antigens among Rh negative Blood donors" (Dr. Saw Thu Wah, Ms. Saung Nay Chi, Ms. Kyi Kyi Kyaing, Prof. Dr. Aye Aye Khin, Prof. Dr. Thida Aung)**

**Dear Dr. Saw Thu Wah & co-investigators**

As you have presented the protocol of the study of " Detection of Rh DEL phenotype by using adsorption elution method and its association with other Rh antigens among Rh negative Blood donors" for the approval of the Institutional Review Board (IRB) of University of Medical Technology, Yangon (IRB-UMT,Y) the committee had considered that your study can be approved.

The committee asks you to follow the regulation of the IRB-UMT,Y as follow:

- (1) Use only the copy of participant information sheet and informed consent form with the UMT,Y logo.
- (2) Any further changes of the protocol in the future must be reported to the IRB-UMT,Y.

Prof. Dr. Naing Win  
Chair Person  
Institutional Review Board  
University of Medical Technology,  
Yangon
